CLAY CITY, KY., THURSDAY, FEBRUARY 1, 1906.

NO 5.

Notice.

All persons indebted to this paper are kindly requested to pay up as the publisher is anticipating a business venture that will require all the money owing us and more too. We have several hundred dollars out on job work, advertising and subscription, which is small to the different persons who owe such indebtedness, but if all paid in would be much to us. Start the new year right by owing the printer nothing.

The mild, pleasant Spring-like weather continues and we are now beginning to hope after all that we cannot have much winter. Still there has been winters of equal mildness back in the eighties, but there has been nothing like the present winter, so far, since 1889. Yet we may have some of the worst kind of cold weather in this month, and we should not compliment ourselves too early, for we may have plenty of zero weather yet.

A Sweet Child Gone.

Saturday night at half past nine o'clock Clifton, the bright little two-year-old son, of Mr. and Mrs. Fletcher Barnett passed away. The little fellow was recovering from a severe attack of typhoid fever when last Wednesday he was taken with pneumonia. He was buried at the Vaughn's Mill Christian church Monday, funeral services being conducted before burial. The fond parents have the sympathy of all.

Our School.

Since the first of the year our City Graded School has become in fine condition and the attendance has increased considerably, several out-of-town scholars having since then been enrolled. The total enrollment to date is 112 which is much better than previous years. Our school is the pride of our town.

Supt. R. A. Irvin will hold an examination at Stanton the fourth Friday and Saturday in this month for common school graduates. All common school pupils passing said examination will be awarded diplomas by Supt. Irvin.

In Memoriam.

Mrs. D. C. Bloom whose death notice appeared briefly in our last issue, was born in Anderson county, Kentucky in 1864. Her parents both died while she was but a girl.

She was married to J. G. Mize in the fall of 1886 and to them were born three children two of whom survive—Dorris T. Mize and Miss Lizzie, both about grown. Mr. Mize died in 1894 and she was again married to James Bloom Oct. 17, 1899.

She was a member of the Presbyterian church for twenty-five years, and was a noble and kind hearted woman whom to know was to love.

The remains were interred beside her first husband, J. G. Mize, at the old Heskin's graveyard on Hardwick's Creek Thursday.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

No bill before the Legislature for some time has created more interest than a bill now before the Legislature to compel all patent medicines sold in the State to label their formula on every bottle of medicine. ESTILL ITEMS.

(From the Herald.)

Thos. Williams purchased last week the Judge Park farm just across the river from Irvine for \$12,250.

The wife of Mike Joseph died in Cincinnati and her remains were brought to Irvine Thursday for interment at the Marble Yard graveyard. She is a sister of W. P. Wise, one of Estill county's citizens.

Judge W. H. Lilly is happy with the prospect of success in his invention of a gravity motor. He has given the work a great deal of thought and he has the congratulations of his numerous friends upon his prospect of success.

The little son of Beechum Rawlins, three years old, yesterday afternoon was playing around the room, his mother having gone to to spring after water, when the little child fell into the fire and was burned so badly that he died Thursday morning after intense suffering. We extend to the bereaved parents our sincere sympathy. It was their only boy.

The Missionary Baptists of this community are endeavoring to raise enough money to build them a church. So far they have met with only tolerable success, but they are not going to give up until they raise the amount needed. The good people of Estill county ought to voluntarily come to their assistance, without waiting to be solicited. Nothing so rapidly and surely advances a community as good churches.

The commissioner of patents reported to congress that during 1905, there were 243 patents issued to Kentuckians, which is at the rate of one patent to every 8,836 inhabitants. Kentucky is forty-first among the states of the union in regard to patents issued in proportion to population.

We are agents for the famous "Queen Quality" shoes for women, and are showing a nice assortment of styles in them.

**BEAUTIFY YOUR HOME
WITH KINLOCH PAINT**
READY TO MIX NOT READY MIXED
Important Memorandum—The painter of the most important factor in painting is the paint. A good painter with the best quality of paint, could get \$100.00 for a job. A poor painter with the same quality of paint, could get \$50.00. The same paint applied by a Kinloch (\$30.00 value, \$10.00 cost) will last only one year. Then the "per year cost" of the good painter's job is \$11.00—the poor painter's \$20.00.
A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only
Kinloch
HOUSE PAINT
There's one indisputable reason why a "reason every honest painter will acknowledge"—"The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend its use for every good reason we know.

"CUT IT OUT"

says the doctor to many of his lady patients, because he doesn't know of any medicinal treatment that will positively cure womb or ovarian troubles, except the surgeon's knife.

That such a medicine exists, however, has been proved by the wonderful cures performed on diseased women, in thousands of cases, by

A case involving a large amount was tried before Judge Benton Friday. The Swann-Day Company had attached money, stocks, lumber and other property of Asher & Hensley to the extent of thirty-three thousand dollars, and this was but a phase of the case which involves over one hundred thousand dollars. Saturday morning Judge Benton rendered his decision dissolving the attachment but allowing the Swann-Day Co., thirty days in which to apply to a Judge if the Court of Appeals for reinstatement of the injunction, and in the meantime it is to remain in force.—Winchester Democrat.

If You ARE A Democrat

Or if You are not You will want to read

Bryan's Commoner.

ON MARCH 17 The Commoner announced the Primary Pledge organization plan. This plan provides for Democrats to sign a pledge, binding themselves to attend all primaries of their party between now and the national campaign of 1908. It is a practical method for the organization of the party by the rank and file, in order that it may prove true to its name and be the efficient servant of the people in the establishment of reform. A little investigation will convince you that the Commoner has hit upon a feasible and effective method of persuading Democrats to participate in the councils of their party.

These pledges are pouring into the Commoner office by the thousands, where they are carefully filed by state, county and voting precinct.

If the same interest manifested in this work during the past four months is maintained during the next two years, the total membership will exceed four million Democratic voters.

The Commoner is issued weekly, subscription \$1 a year. By special arrangements, for a short time only, we offer the Clay City Times and The Commoner for \$1 10.
